

BLB Strategic Plan:

- BLB is a long term endeavor to gradually expand rehabilitated open space in Lunada Bay
- We propose to start with a small pilot project near the Lunada Bay Elementary School
- Funding will be a combination of grants, local government participation, and private donations
- All efforts are contributed by neighborhood volunteers
- Active support, advocacy, and organization by LBHOA

What are the goals of BLB?

- Improve the quality of life in Lunada Bay by restoring and enhancing the natural beauty of our open spaces
- Restore natural landscaping and add carefully selected low-water, self-sustaining flora
- Enhance the natural habitat for native wildlife
- Provide educational and volunteer opportunities for students and adults
- Develop community support with our first pilot project

LUNADA BAY
Homeowners Association

... our community by the sea

Aspects of Beautify Lunada Bay Project

Community Outreach

- Community meetings held monthly
- Community volunteers contributing planning
- Coordinating educational aspects with PV school system
